# ***Android on PC***

## **Why run Android on PC**

- Access to Android apps
- More apps
- More games
- Easy to use
- Free for 30 days
- Low cost US\$ 15 (Lollipop)

Kenmark International

# **Android on PC**

## Installation procedures

### AMIDuOS

- Runs on Windows<sup>®</sup> 7/8/10
- <http://www.amiduos.com/>
- <http://amiduos.com/downloads>
- Pic a version, I suggest:  
    **AMIDuOS Pro 2.0**  
(Lollipop)  
    64-Bit Installer or 32-Bit Installer

Kenmark International

# ***Android on PC***

## Installation procedures

### Google Play

#### **2. Download Google App Package**

Download verified and signed Google apps packages for AMIDuOS versions from below links and save it in your System.

**Jellybean Version**

[Link1](#) / [Link2](#) / [Link3](#)

**Lollipop Version(5.0.1)**

[Link1](#) / [Link2](#) / [Link3](#)

**Lollipop Version(5.1.1)**

[Link1](#) / [Link2](#) / [Link3](#)

#### **3. Install Google Apps**

## **Installation procedures**

### **Run DuOs Install Android Apps**

- DuOS will start automatically
- All default apps will show
- Login to Play Store, use the e-mail address and password you use in other Android device(s).
- All your apps will be installed automatically

***If you are upgrading to Lollipop 5.1.1, please update the 'Google Play Store' to latest version. The Google Play store can be updated by Play store --> Settings --> tab on Build version to update to latest version.***
