

## Enable God Mode in Windows 10

1. Make sure your system account has administrative privileges
2. Right-click on the Windows 10 desktop and choose **New > Folder**
3. Name the folder: **GodMode.{ED7BA470-8E54-465E-825C-99712043E01C}** and hit **enter/return** to make it stick
